DOVETAIL CONSTRUCTION

Located in the beautiful Pacific Northwest, Huggy Bear has set the quality standard for handcrafted cabinets for over 30 years. Our foundation lies solidly in a rich heritage of excellent craftsmanship and keen attention to detail. With this in mind we have an intense dedication to creating the best kitchen and bath cabinets available.

All Huggy Bear cabinets are built to your specifications and any customization is possible with the only limitation being the imagination of the designer. This means you get exactly what you want. Your one of a kind kitchen will be handcrafted just for you.

The quality of your kitchen is further ensured by our on-site lumber broker who sees to it that only the finest woods are used in your project. These woods along with a softly glowing, smooth-to-the-touch finish affirm the strength and durability that lies beneath. Huggy bear consistently delivers unmatched workmanship to provide beloved kitchens and peace of mind to our customers for years to come.

Whether you prefer the traditional look of Overlay doors or the Old World style of our Inset doors. Hayden Bay offers a look that fits your taste with cabinets that are solidly built using tried and true American technique. With inset doors, you have a choice of concealed or attractive exposed hinges. Cabinet interiors can be plywood or Melamine in a variety of finishes. The 3/4" fully adjustable shelves can support your heaviest cookware or protect your heirloom china. Select Hayden Bay cabinets for the finest in American design and craftsmanship.

SHORELINE  
Frameless cabinetry:  
Simple, clean design

# SHORELINE/CORNERSTONE

The streamlined appearance of Shoreline frameless cabinetry allows the beauty of the doors to shine. You select the door style, wood, and a wide range of options to create your own style. And that's just the beginning! A large palette of finish colors, glazes, sheens and distressing are available to further perfect your selection. From high-tech contemporary to rustic log cabin: from shabby chic to elegant refinement, you can rely on Shoreline cabinets to provide not only quality craftsmanship but also authenticity of style.

FINISH: WIRE BRONZE  
ISLAND FINISH: WIRED COPPER

Time-honored, handcrafted details such as 5/8" solid dovetailed drawers are standard features of Shoreline cabinets along with the best drawer guides available. The cabinet box is built of sturdy 3/4" material and can be either plywood or Melamine with a selection of finishes. A state-of-the-art conversion varnish will keep your kitchen looking beautiful for many, many years.

**CORNERSTONE**  
Value version

**[LEFT]**  
**DOOR STYLE: QUAKER**  
**WOOD: KNOTTY ALDER**  
**FINISH: NATURAL**  
**ISLAND FINISH: KONA**

Cornerstone is essentially Shoreline, trimmed down just enough to make it an economical choice in cabinets. It retains the same essential quality, A beautiful European frameless construction and dovetailed plywood drawers. It retains many popular Shoreline features and options, but differs in the amount of wood species, door styles, finishes and customizations that are available. A great balance of quality cabinets and budget.
